MD. RAJIB REZA

Software Engineer (AI & Web Product Development)

📞 01819976046   ✉ rajib35-1830@diu.edu.bd   📍 Dhaka, Bangladesh

LINKEDIN | **GITHUB**

ABOUT ME

Forward-thinking **Software Engineering graduate (2025)** specializing in AI-driven application development. Proficient in building MVPs using **Python, React, and FastAPI**. Experienced in prompt engineering, preparing test cases, and quality assurance (QA). Passionate about contributing to **IP3 Consulting Limited** as an Intern to support innovative product cycles.

EDUCATION

B.Sc. in Software Engineering   GRADUATED 2025
Daffodil International University, Dhaka

PROJECTS & EXPERIENCE

AI-Powered Product MVP   *REACT.JS, PYTHON, FASTAPI*
Built a prototype for an AI assistant. Focused on prompt optimization, API architecture, and bug documentation for startup-level product refinement.

Digital Medicine Platform   *TAILWIND, JS, HTML5*
Developed a responsive healthcare UI. Performed rigorous QA checks and usability testing to ensure a professional user experience.

TECHNICAL SKILLS

LANGUAGES	FRONTEND	BACKEND
